Appointment by: Governing board

Business interests: None

Financial interests: None

Material interests: None

Governing role in other schools: No

About me

Hello, my name is Julie Henderson and I have been a parent governor since 2017. My degree is in Business Information Systems Management and this led to a career in Information Technology before starting a family.

As a parent of two children one of which has special needs, I am aware of the importance of choosing the right school for our children. As a parent governor I am able to assist the school to achieve its vision; “every student matters”, assisting each pupil to meet their own potential within a safe, caring and happy environment.
